

A legacy of 30 years towards supporting the underprivileged sections of Vadodara city. United Way Baroda organizes Annual Fund Raiser - Garba Mahotsav which serves the purpose of Resource Development for Community Impact projects for the economically poor and vulnerable. The funds collected through the Garba Mahotsav 2015 helped us in undertaking several impactful projects with local organizations and government agencies. We are happy to share the highlights of the projects undertaken by us for improving the quality of life for the economically poor and vulnerable.
